Rodeo Planning Moving Briskly

Rodeo planning for the big amateur event to be held here August 15 and 16 was advanced further at a meeting of the committee last Thursday evening.

Posters advertising the Evergreen Rodeo will be up shortly and the meeting was informed that work is going ahead on programs which will be ready before the rodeo date.

A lucky program number will be announced at the Saturday evening grandstand show and the winner awarded a prize to be decided later. If not claimed at the grounds, arrangements will be made so that the winner may pick up the prize later.

The committee announced plans to appoint 25 young ladies as hostesses for pre-rodeo activities which would include program sales. Special Evergreen hats are expected to be here within a day or so.

Also considered at Thursday's meeting was rain insurance which will be purchased for the hours between 11:00 a.m. and 2:00 p.m. each day.

A feature of each evening's entertainment will be ponychuck wagon and chariot races.

PEAT SOIL FIELD DAY NEXT WEEK

Mr. Gary Miller, District Agriculturist at Evansburg, has announced plans for a peat soil field day to be held on Thursday, July 10th at 1:30 p.m. on the farm of Mr. Tony Rizzie, 30 miles west of Evansburg on Highway 16.

The program dealing with clearing, draining, breaking and cropping of peat soil is under the sponsorship of the Lacombe Research Station and the Extension Branch of the Alberta Department of Agriculture.

On the program will be slides and a commentary on experiences in reclaiming peat land with Mr. Don Dew of the Research Station and Mr. Rizzie taking part.

A demonstration of ditching and root raking equipment will be followed by a tour of Research Station forage and fertilizer plots maintained on the Rizzie farm with Mr. Len Folkens conducting this part of the program.

Nitron ladies will provide coffee and a light lunch will be available.

END SEASON WITH BARBEQUE

Members of the Oilwell Chapter of the Canadian Nursing Aides Association held a barbeque on June 18th as the final meeting of the season. Twenty-two persons attended the gathering at the home of Jean Armstrong.

Regular meetings will be resumed on Thursday, September 4th.

Legion Elects New Officers

The Drayton Valley Branch, Royal Canadian Legion, held an election of officers on June 24th and named Pat Turner as President. First vice-president is J. Donovan and second-vice, A. Muzylowski.

Elected to the executive were: R. McGregor, A. Anderson, B. Cable, W. Johanneson, K. Wardlow and M. McCullagh.

Next general meeting will be held tonight (Wednesday, July 2nd) at 8:00 p.m. Your attendance is requested.

Mr. and Mrs. Losey are shown here working at the site of an ancient Indian camp where their excavations revealed a number of interesting artifacts.

Prehistoric Indian Camp Studied Near Tomahawk

A considerable amount of information is expected to be gleaned from examination of Indian artifacts unearthed in the Tomahawk area in a month's digging by a team of archaeologists sponsored by the Human History Division of the Alberta Provincial Museum and Archives.

The archaeologists, Tim and Jenny Losey of Stony Plain, have worked since early June at the site of an Indian camp, estimated at possibly 2,500 years old, in an area that was previously a sandy beach level. Their excavations have turned up bone fragments, stone scraping tools and projectile points that will add information in piecing together the story of early inhabitants of the North American continent.

Mr. and Mrs. Losey are one of several teams in the field at various Alberta points this summer. On Friday they closed the Tomahawk site prior to moving on to a new location near Duffield.

They expect to spend the summer working in the area between Tomahawk and Duffield.

Mr. Losey said he was very pleased with results from the first "dig" and hoped it would be the

forerunner of a successful season.

The digging site is excavated with great care. Hand trowels are used to scrape away layers of earth and everything discovered is charted and bagged for future study.

Flake tools of the hunting and butchering variety were predominant among the articles discovered. All the long bones discovered were shattered (by the Indians to obtain the marrow) but toe and foot bones from deer, elk and moose, lead the Loseys to believe the site was a hunting camp of the Woods Indians, possibly Cree or Athabascans.

The young couple live at the site during the week, returning to Stony Plain each weekend to stock up with groceries.

They came to Canada a year ago from Grand Rapids, Michigan, where they attended Grand Valley State College and worked with the Provincial Museum and Archives since that time. Mr. Losey plans to attend the University of Alberta this fall for graduate studies.

Of interest to amateur enthusiasts is the fact that a summer course is planned at the new site at Duffield. Mr. Losey will conduct a course in archaeological field methods, one day a week for a six week period.

The course will depend on response and anyone interested should write or phone the Extension Department of the University of Alberta for complete details.

Achievement Day To be Held Friday

Four district 4-H Beef Clubs will take part in the annual achievement day and sale to be held at Sekura Auctions on Friday, July 4th.

About 80 calves will be shown and sold by public auction later in the afternoon.

Showmanship judge will be Ken Eshpeter of the Department

of Youth; Livestock judge, Doug Henderson of Lacombe; Lucas Piskunowicz of Tomahawk will be ringmaster.

Also taking part in the program sponsored annually by the Drayton Valley and District Chamber of Commerce, will be Mayor Henry Shimbashi and Chamber President Bob Cowan.

Inter-club competition will follow the individual club achievement competitions, and will start at about 11:00 a.m.

The weather bureau is a non-prophet agency.

Before you're determined to have the last word in a barroom discussion, be sure that it won't be "Help!"

DRUG PROBLEM FILM SUBJECT

A dramatic film entitled "The Runaway Generation" will be shown at the Pentecostal Tabernacle at Drayton Valley at 7:30 p.m. on Wednesday, July 9th.

This film was produced in the Haight-Ashbury area of San Francisco with confirmed teen-age LSD users and hippies. The film depicts a drug-crazed generation of youth who are revolting against society and all that it stands for.

You will be an eye-witness to shocking interviews with teen-agers who confess to committing unbelievable acts. You will see and hear Dave Wilkerson as he talks with teen-agers who argue that parents have failed because they do not understand young people or respect their wishes and desires. You will watch unfortunate young people living in a hippie environment.

This is a film that every teen-ager and their moms and dads should see.

This 30 minute sound and color film was produced by the David Wilkerson Youth Crusade.

Rev. Grady Fannin

Rev. Roy Kemp extends to you a cordial invitation to attend this unusual service.

Teen Challenge Counsellor Rev. Grady Fannin, who has worked with the David Wilkerson Youth Crusaders for the past seven years, will speak about teen-age crime in America and Canada.

FEES RAISED AT PROVINCIAL PARKS

The Alberta Department of Lands and Forests, Provincial Parks Division announced that camping fees in 29 Alberta provincial parks were raised from \$1 to \$1.50 effective July 1st.

The new rate is due to the increased costs of operation and maintenance of campgrounds, access roads and beach facilities. The new fees will be more in line with those charged in Saskatchewan and Manitoba.

The new fees will apply at provincial parks in this area at Lake Wabamun and the Pembina River Park at Entwistle.

EVANSBURG NEWS

Rainy weather is what all the farmers are looking forward to at the present time as the crops seem to be just standing still without the much needed moisture.

However, wet weather is exactly what I encountered on my short trip to the interior of British Columbia, in the past week. I had the opportunity of visiting my folks, Mr. and Mrs. Clark of Hixon, B.C. and during the time I travelled there, part of the time I was there, and almost all the way back rain was coming down in sheets. We travelled over the new route, through the Yellowhead Pass and through McBride to reach Prince George. From my little map, printed on a place mat and picked up in a McBride Cafe, the distance from Prince George to Edmonton is four hundred eighty eight miles. The road was quite good all the way with only a short distance not hardtopped. The scenery is beautiful along the way and we scarcely knew we were travelling along mountain roads. All in all I had a wonderful trip, but it is nice to be back home.

The United Church Women held their last meeting of the season at the home of Mrs. Temoway, Sr., winding up all the old business before the summer recess. The next meeting of this group will be in September, at the home of Mrs. Weist. United Church services time has been changed during July. On both Sundays, July 6th and 20th, services will be held at 9:15 p.m.

Visitors at the home of Mr. and Mrs. J. Otto were Mr. and Mrs. Chris Christianson, of Edmonton. Mrs. Christianson is Mrs. Otto's niece. Also visiting the Otto home were Mr. and Mrs. E. Linden. Mrs. Linden is Mrs. Otto's sister.

Also back from holidaying are Mr. and Mrs. P. Peterson and Mr. and Mrs. P. Kreminiuk. The Pembina Lobstick Histor-

ical Society held its regular meeting at the Legion Hall on June 27th. Membership fees were set at one dollar and it was decided that every member attending the meetings should sign a guest book which will be displayed in the museum. A book for the purpose has been purchased.

Negotiations are still in progress in regards to obtaining the old Scout Hall for the first museum building. Many donations have already been received for this project and some of the members are cataloguing the articles. It was decided to continue meeting during the summer months and the next meeting will be held on the fourth Wednesday of July.

Mr. and Mrs. Ivor Froland motored to Metiskow, Alberta to attend the funeral of Mr. Froland's brother, Ingvald Froland. Mr. Ingvald Froland passed away at the age of seventy five, leaving four sons and four daughters. Almost seventy relatives and many friends attended the funeral services; some of the relatives coming from Madison, Wisconsin. Among those coming from Wisconsin were Mr. and Mrs. Peter Froland, Mr. I. Froland's brother, and Mr. and Mrs. Bill Sluckiger. Mrs. Sluckiger is Mr. Froland's sister. Another sister attending the funeral was Mrs. Mabel Freiman. Mr. and Mrs. Peter Froland and Mr. and Mrs. Sluckiger came on to Evansburg to visit with Mr.

and Mrs. Ivor Froland for a short time before continuing on to visit at the coast. Mr. and Mrs. Froland accompanied their relatives as far as Jasper, and returned to Evansburg on Monday.

John Schroder, son of Mr. and Mrs. Frank Schroder of Evansburg received his degree of Bachelor of Science in Civil Engineering at the spring convocation, University of Alberta. He was unable, though, to attend the exercises because his work took him to the Slave Lake area. John received all his schooling from Grades 1 through to XII in Evansburg.

Former teachers and present teachers gathered at the Legion Hall to honor Mrs. Mitchell on her retirement from the teaching profession. Many who attended reported a very enjoyable evening.

Wishes for a speedy recovery go to Mr. H.A. (Bert) Hutchinson who is in the Drayton Valley Hospital.

The Wolf Cubs held their final outing for the year on June 19th. The boys and their leaders went down to the Pembina Park and had a real feast of weiners and all the trimmings.

The members of the Gun Club also had their last shoot on the 18th. It is hoped to reopen the club in early September.

Congratulations, this week, to Mr. and Mrs. John Hall (nee Elaine Lewiski) on their recent marriage.

How to Lose Friends ... And Money Too!

One of the fastest ways to lose friends can be to give their names to a door-to-door salesman. It could also be one of the quickest ways to lose money. Referral selling, as this is called, is sometimes designed not to save you money, but to separate you from more cash than you could normally afford for a color television set, sewing machine, vacuum cleaner or some equally expensive item. Yet it has been estimated in the United States, for example, that in 1967 referral selling involved a potential loss to the public of \$200 million.

But the problem is not confined to our U.S. neighbours. Canadians encounter it too, simply by answering the door or the telephone. Here's how: An affable salesman might tell you he is not trying to sell his product - he merely wants your opinion of it or he may ask you to test it. But after the pleasantries are over, he may still try to persuade you to buy. There could also be a lure of a nation-wide contest in which you would be eligible to win a car, a mink coat or more money than you could earn in several years. Or there may be a suggestion that this is the most economical way for the company to introduce and distribute the item, without the expense of advertising.

Then it may be implied that you can purchase the produce at a fraction of the cost simply by giving the names of friends who could be potential customers. Or you could write them yourself, introducing the salesman, his product and his plan. For each additional sale he makes from the names you supply, you might be told, you will be given a bonus which would help defray the cost of the item. The gimmick, however, is that you must usually make a small down-payment, and sign a contract for the full purchase price. And this price is sometimes much more than the goods are actually worth.

After you have signed the inviting contract, your problems may be just beginning. For one thing, your friends may not welcome the salesman, nor the idea that they are helping you pay for the item. In fact, according to a U.S. survey of the referral sales of a vacuum cleaner, only 10% of the customers received more than \$75, that is, three bonuses of \$25 each. This represents a relatively small amount towards the entire cost of about \$282 for the cleaner which had a wholesale price of only \$60. What you are not usually told is that the contract you sign may be put in the hands of a bank or finance company. This could mean another headache if, after you have recovered from the salesman's personality and plausibility, you decide that you don't want the item after all. Then you may be saddled with a product you do not really want - and with finance or bank payments you want even less.

Referral selling is not restricted to vacuum cleaners - it is often used to sell items that might not normally fit into a limited budget - refrigerators, fire alarm systems, sewing machines, television sets, stereo-phonographs, ranges, freezers, carpets, drapes, washers, dryers, and furniture suites. Another consumer purchased a refrigerator and later, when discovered the normal price was \$100 less than the cost to him, he was advised by a friend in the retail business to stop making payments. However, unable to withstand harassment by the finance company, he finally borrowed money to make the payments. To add insult to injury, his name had been used in referral letters to some of his friends.

A stepchild of referral selling is the "pyramid" or "multi-level" distributorship plan - to promote cosmetics, cleaning fluids or other household items. A promoter may invite you to be a representative of the company for a certain amount of money. You may be told to appoint assistant managers who will, in turn, appoint salesmen... each of you investing a certain sum in the company. Not all of these operations are as financially rewarding as they may seem. If you are approached, you'd be wise to find out the potential market of the product in your area and get a lawyer's advice before signing the contract.

There are some forms of referral selling, however, which do not seem to give rise to difficulties. Some well-established firms engaged in the home selling of kitchenware, cosmetics, household appliances or foods, have sales schemes in which a householder is given a "gift" of cash, or merchandise if she invites friends to witness a demonstration. But the prices of the goods are comparable to similar products on the market, the "hostess" receives no "special deal" on her purchases, and she receives her "gift" whether or not her friends buy anything.

It has been said that if you have an opportunity to buy something for a song, first check the accompaniment. And that is sound advice when it comes to many types of referral selling. If you don't, you may lose not only money, but friends too.

TOMAHAWK NEWS

Mr. and Mrs. Sidney Parfienuk and family of Tomahawk left on June 25th for a trip to Ontario. They plan, besides seeing relatives, to visit many points of interest in the province including Niagara Falls.

Mr. Grant Notley, new Alberta leader of the N.D.P. spoke at a meeting in the Tomahawk Community Hall, on June 23rd. Over thirty people attended and were well informed on the present Medicare in Alberta. Mr. Notley has faced the Government on many occasions, and was on the T.V. Open Line and radio discussing several points on this subject.

Mrs. Marie Schoepp, her sons Gary and Wayne and Mrs. Graf of Stony Plain have just returned from a trip to British Columbia where they visited Mrs. Bob Stewart (Dolores) and Quesnel. They also took a trip to Barkersville the big booming town in the 1870 Gold Rush, and really enjoyed it very much.

Mr. and Mrs. Jack Worden of Tomahawk are certainly happy people this week, for not only are they sporting a brand new, shiny red Mustang but their son

Derek has just received his Bachelor of Science degree. Congratulations Derek we're all proud of you.

On Wednesday, June 25th Fire Chief William Wickware accompanied by fireman Larry Schlickemayer, took the primary grades of the Tomahawk school on a tour of the Fire Hall. Not only did they give a fire demonstration but they let the children squirt the hoses and handle the equipment. The kiddies were beside themselves with joy and it was certainly a happy group of youngsters who were delivered back to the school. I think this was a fine gesture on the part of the Fire Chief, and a real experience for the children.

The District F.U.A. Convention was held in Evansburg on Friday June 21st. Seventy-two delegates, members and visitors attended. Shoal Lake, South End and Drayton Valley were well represented. However only two of the invited M.P.'s and M.L.A.'s were present, Mr. Bill Switzer and Mr. Alan Sulatycky.

Mr. Dobson Lee first Vice President was guest speaker. Mrs. May Huddleston (first Vice-President of the F.W.U.A.) brought especially good news when she informed us that two days prior the F.U.A. had obtained permission to form groups and get Blue Cross Coverage at half price for all members. This is to supplement present Medicare which does not give ample coverage for what it's costing Albertans. The F.U.A. and many organizations have been asking for a comprehensive Medicare scheme, but all are disappointed at the rates charted by our province.

New directors are: Mr. E. Farion, F.U.A. Director for District 5, and Mr. Gaston Jouan alternate director for District 5. Mrs. Kay Maxfield F.W.U.A. was elected by acclamation Junior Directors for District 5 are Ewald Kirwant, and Linda Piskunowicz alternate director.

"Next time I want it," he said, "I'm just going to take it."

A pretty spring wedding was solemnized in the Memorial Presbyterian Church at Rocky Mountain House on Friday May 2nd at 2 p.m., when Sylvia Margaret Knight eldest daughter of Mr. and Mrs. Orville Knight of Alder Flats became the bride of Dennis Edward Stuart, son of Mr. and Mrs. Bill Stuart of Rocky Mountain House. The ceremony was performed by Rev. Cunningham, of Rocky Mountain House.

The bride, given in marriage by her father, looked lovely in a traditional white floor length gown of lace over peau de soie satin styled on the A line, accented with a white satin bow at the empire waist line and a long flowing train held in place by the bow, long lily point sleeves and a square scalloped neckline. Her bouffant shoulder length veil was held in place by a floral headpiece of white stephanotis. To compliment her gown the bride carried a bouquet of red sweetheart roses.

Miss Brenda Stewart of Buck Lake a friend of the bride, was maid of honor and was gowned in a floor length A line gown of pink peau de soie designed with three quarter length sleeves and a bow at the empire waist line. She wore a pear pendant, a gift from the bride, in her hair a pearl tiara and she carried a bouquet of white carnations.

Miss Joanne Knight and Miss Trudy Knight of Alder Flats, sisters of the bride, were the bridesmaids. They were identically dressed in floor length gowns of aqua peau de soie styled also on the A line with bows at the empire waist and three quarter length sleeves. In their hair they wore pearl tiaras and carried bouquets of white carnations. To complete their ensemble they wore sterling silver pendants, a gift of the bride.

Attending the groom were Ray Langois of Rocky Mountain House a friend of the groom, and Norman Belton of Red Deer, a cousin of the groom.

Ushering the guests to their pews were Fred Rahko and Tom Ross, friends of the groom, of Rocky Mountain House.

For her daughter's wedding Mrs. Knight chose a mauve tulle dress complimented by white accessories and a white rose corsage.

The groom's mother chose a blue tulle dress with white accessories and a white rose corsage.

At 5:30 p.m. a reception for a hundred and twenty-five guests was held at the Alder Flats community hall. The bride's table was centered with a lovely three tiered cake baked by the groom's mother and decorated by Mrs. Feys of Rocky Mountain House. Flanking the cake on either side were pink and white candles.

Mr. Chester Knight of Red

Deer, uncle of the bride, proposed the toast to the bride. The bride's grandfather C.K. Knight of Red Deer asked the blessing and Al Maclean of Alder Flats was master of ceremonies. Joan Peterson of Buck Lake was in charge of the guest book.

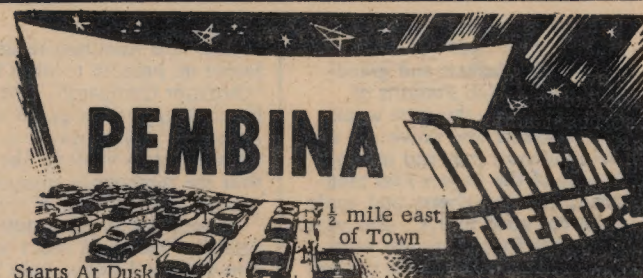

Open house was held from 7:30 to 8:30 p.m. and a dance followed with music supplied by the Oil Tones orchestra with a very large crowd attending.

For her going away outfit the bride changed into a two piece outfit of Caribbean blue tulle with matching cape and white accessories. En corsage she wore a white rose.

After a honeymoon trip to Calgary and Banff the newlyweds will reside at Rocky Mountain House where the groom is employed by the Forestry Department.

Guests for the wedding came from Calgary, Edmonton, Lethbridge, Red Deer, Blackfalds, Wetaskiwin, Lacombe, Rimbey, Devon, Rocky Mountain House, Buck Lake and Alder Flats.

As the groom's father was in the hospital the day of the wedding the bridal party highlighted his day by visiting him after the ceremony.

How did those six Sioux get on our beer label? (Six? Count 'em. Six.) To say nothing of three crows. And a Hupmobile. And twenty-nine trees. And our House of Lethbridge. How? Frankly, we don't remember. It all happened many moons ago. But one thing's certain: we'll never change our label. Or the great beer behind it. In Lethbridge, we go right on brewing it the slow, natural way, for real flavour. We have spoken.

Recreation Ramblings

By SYD MOORE

Two of the major holiday weekend events have just been completed being the Farmer's Day Celebration in Stony Plain and the Hootenany Days in Spruce Grove. Both events are annual events and are not new to those of you who live in the area and who take part in both. May I congratulate those people who worked so hard to make the event the enjoyable success that they were.

Significant to me was the walk from Spruce Grove to Stony Plain by Spruce Grove supporters and the return walk by the people of Stony Plain, all sponsored by the mile in support of the School Community Recreation Complex planned for Spruce Grove. Since I belong to neither centre and possibly to both centres, I was able to participate, eventually in walking the full 15 miles. In the process I gained much more appreciation for the people in this general area and hopefully some new friends. The attitude of those walking in both groups was really inspiring especially as we are wrestling here with the problems unique to first year, first time programs, that seem unsurmountable.

The tasks we face seem so inconspicuous when comparing them with the task undertaken by the Finance Committee and especially Stewart Pickering, Roger Ratsoy, Doug McNabb and Lorraine Goebel. I am sure that all those who walked to financially support the School-Community Recreation project also did so to show especially these few people that we appreciate their dedication and hard work, and to thank them in our small way for bringing about this new idea

in dual use of very expensive facilities.

The following morning Bruce Hogel - CFRN - expressed very similar views in his Minitorial. For those who did not hear Mr. Hogel's comments, I am attempting to get a copy and permission to publish it next week in this paper.

There are many facility needs

in our region and there are many people working around the clock to make these a reality. Wabamum Community Association are well on their way to getting a covered rink in their community. We would urge everyone to show the same spirit in supporting other Associations in their efforts to raise necessary funds.

Watch for information concerning the visit of the Spokane "Silver Spurs" to Stony Plain. This will be a highlight performance of the year.

DAY CAMPS

Through our association throughout the County we have discovered that many people do not really know what a day camp is, and what it consists of. In order to clear up a few of the questions about the County's Day Camp program the following is a brief outline of it.

The Day Camp program is slated to start July 16 and run through until August 27. Each one of the sixteen playgrounds throughout the County will have an opportunity to attend a day camp once a week. Each time a child reattends a playground there will be an entirely new program prepared for them.

Many people have the misconception that a day camp is a relocated playground. This is not true because most of the skills

that are learned, and most of the activities that are participated in can not take place on a playground setting.

Camping is becoming a very popular activity, probably because it brings people back to that feeling of "oneness" with nature, and provided the peace and serenity that cannot be found in a modern urban environment. If our children can learn

how to appreciate their natural surroundings and live in them effectively then I am sure their entire lives will be more rewarding.

In our Day Camps we concentrate on conservation, simple methods of camp construction, camp cooking, camp crafts, and generally, how to enjoy living in a camp setting. The playground leaders are responsible for finding the transportation to and from the Day Camps so many of the parents will probably be asked to take their turn at supplying rides. There will be two day camp sites, one at Chickakoo Lake and the other at Easyford, both will be more than adequately supervised. If there are any further questions about the Day Camp program, please telephone Perry Kulak at 777-2211, or write to the Parkland Regional Recreation Administration, Box 178, Stony Plain, Alberta.

**FIRE
SAFETY**

by A.E. Bridges
Alberta Fire Commissioner

YOUTH SAFETY INSTRUCTIONS

Two incidents have come to the attention of the Alberta Fire Commissioner recently which indicate that it is of great advantage to teach youngsters how to conduct themselves in a fire situation.

In one case a 12 year old boy led his younger brothers and sisters out of the house and successfully applied a fire extinguisher to bring the house fire under control. He stated his training and instruction was received when he qualified for his fire fighters badge in his Cub group.

Another case involves a farm home in which a sudden fire occurred from a gas explosion. Two children, a girl age 14 and her sister age 5 were playing in a rear room of the building when the suddenness of the fire and explosion cut them off from the exit doors. The 14 year old girl had the presence of mind to break a window cleanly and efficiently and to help her little sister out of the window. They both escaped unharmed.

Training in fire prevention in these cases proved to be essential to life safety.

BEEF FARMING IN THE NORTH

Increasing beef consumption, increasing demand for feeder cattle and the availability of land in the north are all factors which could make Canada's northern farming fringe attractive to beef farmers planning a cow-calf operation.

Experiments conducted by the Canada Department of Agriculture's Animal Research Institute and the Ottawa Research Station show that a semi-intensive cow-calf operation is possible in northern Ontario's clay belt, an area about 600 miles northwest of Ottawa.

Tomahawk Couple Feted On Silver Anniversary

On Sunday, June 15, a "Surprise Openhouse" was held at the home of Mr. and Mrs. Finlay Shaw, for their Silver Wedding Anniversary, by their daughters, Janice at home and Linda at Dawson Creek, B.C.

A steady stream of well wishers including friends and relatives started arriving at noon, and continued to come and go late into the evening.

Mrs. Shaw, a Torontonian, came west to marry Mr. Shaw whom she had met "back home". They were married in Edmonton on June 15 in the year 1944. They settled on the "Shaw" family farm in the Tomahawk area. Their lives were blessed with two charming daughters.

The popular couple are highly regarded in the community where they have been active participants in local affairs.

Janice and Linda gave their

parents a Deluxe Barbecue to help celebrate the event. Numerous other gifts were received, and a wishing well made by Mrs. Bina Berryhill, was filled with gifts of money.

Refreshments were served throughout the day. A most memorable day for Mr. and Mrs. Shaw, and a very enjoyable one for their many visitors.

Many more happy years to this fine couple.
